

PRESIDENT PLEADS DOMESTIC AFFAIRS BEFORE CONGRESS

Voices Solemn Warning To
American People And
Foreign Nations.

OUTLINES PROGRAM OF ADMINISTRATION

Domestic Problems Form
Predominant Note
Of Address.

Washington, Dec. 6.—Stressing the great and far reaching contribution which the American people must be prepared to make toward the economic and financial rehabilitation of a world still staggering under the disaster conditions bequeathed by war, President Harding voiced a solemn warning in the message he delivered in person to congress that "no armament readjustment can be effected without consideration of our inseparable relationship to world affairs in finance and trade."

"We cannot be unworthy of our best traditions if we were unmindful of social and moral and political conditions, which are not of direct concern to us but which do appeal to the human sympathies and the very becoming interest of a people blessed with our national sympathies," the president said.

The president emphasized that "in the main the contribution of this republic to restore normalcy in the world must come through the initiative of the executive branch of the government, but the intentions and most carefully purposes would fail utterly if the sanction and the co-operation of congress were not cheerfully accorded."

For the first time in years, since the grim shadows of the World War first began to gather over the American people congress listened to a presidential message almost entirely devoted to the grave domestic issues confronting the American nation, and which shipped over, except in the most general way the serious international question facing the American people.

The delegations of the foreign nations participating in the disarmament conference, the brilliantly uniformed members of the diplomatic corps were assembled with the members of the senate and house, the president's cabinet and the United States supreme courts the head of the American nation laid down the program the administration desired.

BLOODHOUND FOLLOWS TRAIL OF ROBBER AT NORTH BENTON STORE

North Benton, Dec. 6.—From the back door where they forced an entry by breaking the lock, a blood hound brought to North Benton from Fairmont, W. Va., Saturday night for more than a mile followed the trail of the robbers who Friday night stole several hundred dollars worth of goods from the general store of Charles Best.

The blood hound, one of the pair taken to Alliance at the time of the murder of Dr. O. C. Walker, and owned by ex-sheriff Glover of the West Virginia county struck north and led the chase over a mile out into the country.

Charles Best, owner of the store believes that the evidence secured Saturday night may be instrumental in capturing the robbers and recovering the loot which included more than a \$100 worth of shoes besides other goods.

Visits To Other Schools Reveal Efficiency Here

Following their inspection of schools of surrounding cities teachers of Salem schools submitted a written report of their observations which in most cases placed Salem schools at a high standard in efficiency. Supt. Ulmer was still an unknown quantity at the board of education.

Following the injury of a high school girl while working in the domestic science class the doctor bill was submitted to Supt. Alan for presentation to the board of education for payment, but the board was unable to take action as the attorney general ruled there is no fund for that purpose and school boards cannot legally pay such debt.

At the first grade, Columbia st., it was recommended that Miss Sullivan be hired as teacher for the portable building.

Thrift Banks Installed In Local Schools

Thrift saving has been adopted in Salem public schools and automatic tellers purchased by the First National bank will be placed in each building.

Electric teller machines are to be used in teaching students to save. These machines are to be placed in a conspicuous place in each school building. The child inserts a penny, nickel or quarter and a stamp comes out. This stamp is placed on a book furnished each scholar and is taken to the bank when filed.

In this manner the child gets the thrift habit and also comes in contact with the bank and banking methods.

Complete details of the system will be worked out later when the thrift tellers are installed.

PARLIAMENT WILL RATIFY SINN FEIN PEACE AGREEMENT

Treaty Terms Will Be Given
Out Tonight To
The Public.

London, Dec. 6.—Parliament will be summoned at once to ratify the peace agreement reached by the Sinn Fein and British delegates during the night it was officially announced today at 10 Downing st., the official residence of Premier Lloyd George.

King George is entirely satisfied with the settlement which has been reached by the British and Irish.

New Irish Peace Formula

London, Dec. 6.—The new Irish peace formula was reported today to contain the following features:

Ireland to be a free state within the British empire.
Ireland will acclaim allegiance to King George on terms acceptable to the royal house.
British military forces will be withdrawn from Ireland.
Interned Sinn Fein prisoners will be released.
Guarantees given to Ulster.

allege to Sinn Fein allegiance to the English crown.

The terms of the settlement are to be given out tonight for the Wednesday morning newspapers.

It is now regarded as most likely that Premier Lloyd George will be able to carry out his plans to leave for Washington next week, possibly on Monday.

The night session of the Irish peace conference did not break up until about 2:30. A small group of newspaper men were waiting in the drizzling rain in front of No. 10 Downing st. when the delegates began to emerge.

Among the first to leave was Lord Birkenhead, the lord chancellor and a member of the British delegation. He was smoking a cigarette and his face was wreathed in smiles.

One of the reporters asked: "Any news?"

"The news is not so bad," replied the lord chancellor. "In fact, an agreement has been reached."

Michael Collins, of the Sinn Fein delegation, refused to make any statement at all.

The terms of the agreement have been sent to Belfast by special courier and were expected to reach there before Sir James Craig, head of the Unionist government of Ulster, began his speech this afternoon on the Irish peace situation.

As exclusively announced by the International News Service on Monday the sessions of the conference yesterday afternoon and last night were concerned with the revision of the peace formula so as to remove the Sinn Fein objections over the partition of Ireland and the Irish oath of allegiance to King George.

No hint of the new terms was given from any official source but in unofficial quarters the belief prevailed that Ireland will be a free state with a single parliament having wider powers than were proposed in the former proposals.

The pessimism which prevailed Monday gave way to the highest optimism in view of the opinion in official circles that both the Sinn Fein (Sinn Fein parliament) and the British parliament would ratify the agreement. It was admitted that most cases placed Salem schools at a high standard in efficiency. Supt. Ulmer was still an unknown quantity and that Tory hos City in North Ireland was to be expected.

FIND BODY NEAR RAILROAD

Harry Fox, 65, well known resident of East Rochester, was found dead Sunday afternoon along the railroad tracks near that village. Death was due to a ruptured blood vessel. Mr. Fox had started out to do some repair work. His death occurred between 3 and 4 o'clock.

He is survived by his wife, two sons and one daughter.

\$45,000 IN BONDS ISSUED TO MEET SCHOOL EXPENSES

Payrolls And Other Debts
Contracted Since
September 1.

PREVIOUS ISSUE
WAS DISAPPROVED

Not Permitted To Issue
Bonds For Future
Obligations.

The financial stringency which has sorely pressed Salem board of education to a point of strict economy and careful manipulation to keep the schools open has been solved through action taken Monday night by the board in the passage of a resolution authorizing the issuance of bonds to the amount of \$45,000 to meet existing indebtedness.

This will replace the bond issue of \$50,000 passed Oct. 1, which legislation was disapproved by the attorney general in his ruling that only past due obligations and not future obligations can be met by such action.

Teachers and janitors' pay rolls before Sept. 1 totaling \$15,000 and debts of \$30,000 have been contracted since that date necessitating a bond issue of \$45,000 to meet these expenses with a possibility that an additional \$5,000 may have to be borrowed to defray other expenses for the year until the school's tax allotment is received the first of next year.

In authorizing the bond issue the board of education indicated that indebtedness was not increased but they simply extended the time of payment as the school tax allotment will be available to pay this refund if necessary.

Bonds will be issued and offered to the sinking fund trustees and the industrial commission and in failure of acceptance, will be sold to the state teachers retirement fund at Columbus.

HUNTERS FIND STOLEN GARMENTS IN A DITCH NEAR FRANKLIN SQUARE

As several men from Leetonia were hunting on a farm near Franklin Square Friday they found secreted in a ditch what is supposed to be stolen goods consisting of children's fine under garments, high grade bath room rugs and bath towels in large numbers. They turned the goods over to Leetonia officials and efforts are being made to secure some identity to the thief.

Since the goods were found near the Pennsylvania railroad just west of Leetonia where the railroad crosses over the Leetonia-Franklin Square road, the railroad detectives have been notified and an investigation will follow.

MISSIONARY LEADERS ADDRESS CHURCH RALLY

Rally sessions held at the Christian church, led by Mrs. Anna R. Atwater and J. H. Mohrter, both of the United Missionary board with headquarters at St. Louis, and Justin Brown, missionary to China now home on furlough, were carried out most successfully Monday.

Mrs. Atwater had charge of the morning meeting and when she was compelled to leave at noon for St. Louis she was followed on the program by J. H. Mohrter, who in turn aroused the assembly with his accounts of missionary services.

Of special interest to the church members was the plan submitted by the speaker for a new financial system to be employed in financing the church. However, no definite action was taken.

Preceding the 7:30 session, the women of the church served a covered dish supper in the church parlors. As a feature of the evening's entertainment stereopticon views of missionary activities were shown and explained by Mr. Mohrter.

A delegation from the Lisbon church attended the morning and afternoon sessions.

COUNCIL PREPARES FOR BRIEF SESSION

Little business of importance is expected Tuesday night at the regular semi-monthly session of city council at city hall as City Solicitor L. B. Harris is confined to his home because of sickness.

Monthly reports of the mayor, service director and safety director will be submitted but no new business or consequence is expected.

Society Girls Act As Bill Posters

To aid the fight against tuberculosis a prominent Washington society girls post bills urging purchase of the Christmas seals. The photo shows Miss Virginia Lee Morse of Richmond, Va., and Washington dressed in overalls posting bills on the board about the capital.

Mayor Will Auction Off Christmas Seal

Other Novel Features Will
Mark Annual Sale In
This City.

Novel selling schemes in the Christmas seal campaign to be conducted here by the Public Health League and Rotary club will be introduced by Miss Grace Dossing, public health nurse and W. H. Matthews, chairman of the Rotary club Christmas seals committee. It is understood from arrangements being completed.

The first Christmas seal will be auctioned to the highest bidder. Mayor John W. Post Tuesday morning consented to act as auctioneer at the public sale which will be held at the corner of Broadway and Main st. probably on Saturday.

A public parade of Boy Scouts and Girl Scouts carrying banners urging citizens to buy seals is another of the several interest arousing schemes being worked out by the committee in charge.

EUGENE SULIOT, 81, DIES AT HOME EAST OF CITY

Eugene Suliot, son of the late Prof. Theodore E. Suliot, died in his eighty-first year Monday afternoon at his home east of the city.

Mr. Suliot was born in Liverpool, England, Aug. 6, 1841, and with his parents came to this country in 1859. After living for some years near Cuyahoga Falls, Summit county, he with his brother, James, purchased in 1871, the farm on which he has lived ever since.

In 1876 he was united in marriage with Annie E. Courtney of New Garden, who died Dec. 19, 1917. He is survived by three children, Marius R. of Wilkinsburg, James Theodore and M. Eugene both of Salem; one sister, Mrs. Lucy Solberg and three grandchildren, Charlotte, Julius and Anne Suliot, of Wilkinsburg.

The funeral service will be at the home at 2 p. m. Wednesday in charge of Rev. L. L. Kinsey. Interment in Hope cemetery.

MRS. YAGGI PRESIDENT OF CLINIC AUXILIARY

Mrs. H. K. Yaggi was chosen president of the Woman's auxiliary of the Central Clinic hospital at a meeting Monday evening at the clinic. Miss Mona McArthur is vice president and Miss Helen Cosgrove secretary and treasurer.

At this time ways and means were discussed for raising funds for charity patients at the clinic and it was decided to hold a bakery the Saturday before Christmas.

Some time during the holidays a benefit concert will be given by students home from college.

R. B. Thompson was made chairman of a committee to draw up a constitution and bylaws for the auxiliary.

FALLS TO DEATH

Cleveland, Dec. 6.—Herbert Beechen, foreman of structural iron workers, while doing repair work on the girders above the Harvard-Denison bridge yesterday fell 120 feet to the street, dying instantly. He had been employed only ten days ago.

County Health
Work Halted

On Dec. 6, — Miss Mary Rich, county district nurse, left Monday for her term in Akron. Miss Rich had on her last 36 cases of tuberculosis, many crippled children for which she had been trying to secure treatment, a large number of sick people who needed attention, beside the work planned for examination of the school children of the county, but all this had to be given up because the county did not appropriate enough money for the health board to continue hiring a competent nurse.

CHINESE ATTITUDE MAY MENACE THE PEACE CONFERENCE

Resignation Of Three Chinese
Advisors Are
Announced.

Washington, Dec. 6.—Conditions within the Chinese delegation to the armament conference became so turbulent today as to constitute a menace to the success of the conference itself.

Following closely on the resignation of Dr. Philip K. C. Tyan, secretary of the delegation because of resentment to the treatment accorded Chinese problems, came today three more resignations among the higher advisors in the delegation. They were:

General Huang Fu, chief military adviser.

Chow Tai-Chi, former minister of finance, and chief financial adviser.

Admiral Tsai-Ying-Kan, chief of the naval advisors and also assistant director of Chinese customs.

Washington, Dec. 6.—The growing resentment in Chinese circles over the manner in which China's case is being handled by the conference was further reflected today by the resignation of General Huang Fu one of the senior military advisors.

General Huang's resignation follows closely on the heels of that of Philip K. C. Tyan, secretary to the delegation who quit yesterday.

It was evident today that conditions within the Chinese delegation are turbulent and more resignations may follow. Hints were even heard in some quarters today that the situation has reached a point where only a spark is needed to cause a general conflagration and "blow up" in the delegation.

Dean Ayer Scores In Humorous Talk Before Rotarians

Dr. Fred E. Ayer dean of the college of engineering, Akron university, entertained the Salem Rotary club with an intensely humorous talk at the Monday luncheon Tuesday at the Elks home.

As a delegate from the Akron Rotary club, Dr. Ayer attended the international convention in Edinburgh, Scotland, last June and he detailed humorous observations as a passenger on the boat, as an American ston of a tourist in France.

In England and also the first impressions of the speaker. Several members of the Salem club will go to Alliance Wednesday noon to be guests of the Alliance club at a wireless party in Elliott hall, Mt. Union college, when they will hear Harry Lauder sing.

President L. L. Ferree is arranging a program of mystery for the meeting next Tuesday.

They will be installed Jan. 1.

Urges School Board To
Consider Construction Of
Rooms At Each Wing To
Relieve Congestion.

Erection Of Another Grade
School Is Second Solution
Offered To Care For In-
creasing Enrollment.

The congestion of Salem high school and the request that the board of education give serious thought to the enlargement of the school by building additional class rooms to care for the increasing enrollment next year, were paramount issues advocated at the school board meeting Monday night by Supt. of Schools J. S. Alan.

While no action was taken, as one member of the present board, President L. B. French, steps out of office Jan. 1, 1922, each member of the board was urged to thoroughly consider the request which will be brought up after the formation of the new board.

In his report Mr. Alan stated that when the school was constructed approximately 225 high school students were enrolled. This number has been increased to approximately 550. Every available class room is being utilized and the auditorium is being used as a study room.

Increased enrollment is reported each year and with present conditions causing considerable trouble next year will find a situation that can not be solved, according to Mr. Alan.

In advocating enlargement of the school Mr. Alan suggested several methods. He first suggested that additional rooms be built on the wings of the high school building which were constructed for that purpose. Three additional rooms could be built at each wing.

The erection of another grade school was the second solution offered. Fourth school building could be used as a Junior High and the ninth grade, first year high school students, taught there, leaving only three classes at the high school and decreasing the enrollment at least 100 students.

These suggestions were offered by Mr. Alan for early action by the board because legislation would have to be started at once to complete any relief before the start of the 1922 fiscal school year.

MRS. JESSUP IS GIVEN JEWEL; EASTERN STARS INSTALL NEW OFFICERS

Associate Grand March Mrs. Elizabeth Thomas, Youngstown, was mistress of ceremonies at the installation of officers of Salem chapter No. 334, Order of the Eastern Star, Monday evening at Masonic temple, Main st. Mrs. J. D. Deweese acted as associate grand marshal. These are the officers installed:

Mrs. Thomas was given a bunch of red roses. There was a large attendance and the company included visitors from Lisbon, Leetonia, Columbiana and Youngstown.

The officers will meet for practice Wednesday, Dec. 14.

Christmas Cheer In Savings Club Totals \$50,000

Saturday, Dec. 10, Salem banks will distribute approximately \$50,000 to 1,990 depositors in the Christmas Savings clubs; it was announced Tuesday at the First National and Farmers National banks.

This year's Christmas savings accounts while smaller in one bank and larger in another are very favorable considering the industrial depression bankers announce.

New Christmas Savings clubs will be started at the banks, probably Dec. 19. It is learned following numerous inquiries of persons who will be helped by the checks, which will be issued in a few days.

Industrial Man-Power

A STATISTICIAN estimates that in the United States the working power of the average inhabitant is equal to that of four horses or of 31 men equipped with labor-saving machinery. At this rate, the American people, with their industrial equipment, have a total working power equal to that of about 3,200,000,000 men, or twice as many as the total population of the world.

It may be, as a business writer suggests, a "subconscious appreciation" of this industrial power and its possibilities which makes business men so hopeful of the results of the arms conference. Much of our industrial mechanism is now used in making and handling armament. If the machinery and the skilled men operating it were released for the works of peace, there would be so much clear gain for creative production. The capital saved from armament would help, too. Thus there should soon be a notable increase in our effective man-power.

The subject is also of special interest while China is under consideration. Everybody recognizes that the Chinese are potentially a great people, but actually they cut little figure in the world of industry and commerce, because they lack the control over natural forces that is given by adequate machinery, intelligently operated. The actual working effectiveness of the American people is not only greater than that of China, which has four times our population, but greater than that of all Asia.

Cash For Children

A YOUNG Texas mother who was unable to care for her baby gave it up for adoption. In order that the transaction might be more binding, a deed was made out and filed in the district court, the people adopting the child paying a "consideration of \$10," which was duly recorded in the deed. A few days later the document was withdrawn from file and cancelled for fear the stigma of being a "ten-dollar child" might follow the little one.

Second thought was better than first. Since society is so organized that parents must sometimes part from their children it is a splendid thing that there are kindly souls willing to act as parents. But in no instance should anything which even remotely savors of selling a child be permitted. Children are too precious to be estimated in cash, and the precedent of such procedure is too dangerous. Moreover, if the adoption is not undertaken in good faith, no such technical consideration will help matters very much.

Medical Exams For Drivers

A MEDICAL examination for every driver of an automobile is compulsory in many communities. It should be so everywhere. Re-examination at regular intervals, with records to check up on every case would protect the public safety still more.

The corner in one of the larger cities was called to investigate the death of a taxicab driver who had died suddenly in his room. Death had occurred from heart trouble as the man bent over his shoes. Further investigation proved that the man had been a sufferer from serious heart disease for a long time. Had his death occurred while he was driving his cab, as could have happened easily, the results might have been disastrous to others besides the driver.

That city demands a medical examination. The man had passed one some time before his death. A re-examination would have discovered the heart trouble which probably was too slight to be detected at the first inspection.

20 YEARS AGO

(Page of Dec. 6, 1901.)

Judge J. A. Ambler leaves this evening for New York, where he will sail for the Bermuda Islands to spend the winter there on account of his health.

Mr. and Mrs. Joseph Parker, sons, Joseph and Walter and daughter Lizzie, left Wednesday for their former home at Rich Square, N. C. The Parker family came to Salem nearly two years ago and have resided on Ellsworth ave.

Attorney H. C. Jones, who has just undergone a very serious attack of heart trouble, was at his office for the first time today.

Salem friends have received word of the death of Rebecca S. Eklinton, widow of Thomas S. Eklinton, Philadelphia. She was formerly Rebecca Sharpless and had many friends here.

David Garwood, oldest employee of the Buckeye Engine company, was stricken with a fainting spell while at work this forenoon. He was very much better this afternoon.

The home of Charles Morgan at Washingtonville was destroyed by fire late Tuesday night and Mr. and Mrs. Morgan and their four children had a very narrow escape with their lives.

S. G. Case, Millbrook, president of the Ohio Poultry association is expected here for the poultry and baby show to be given Christmas week under the auspices of the Quaker City Fanciers club.

GIRL'S MURDERER IS GIVEN DEATH SENTENCE

Youngstown Dec. 6.—Charles Markovitz, 56, was found guilty of first degree murder without mercy by a jury last night for the murder during perpetration of a criminal assault on Stella Korn, 37, on South ave., extension on Sept. 2. The verdict carries a sentence of death by electrocution.

PREACHER DIES IN BED

When Lloyd McNutt went to the room of his guest at his home in Petersburg, Sunday morning, to call him, he found Rev. William Coburn, 70, dead in bed. Mr. Coburn had come from his home in Romia, Mich., arriving in Petersburg Saturday and was to have preached in the Presbyterian church there, Sunday, taking charge of the vacant pulpit until a new minister was secured to fill the post.

When Rev. Mr. Coburn retired the evening before he was apparently in good health and spirits, death coming unexpectedly. His body was taken to the Struthers funeral parlors where it was prepared for burial and Monday was shipped to Romia. It is understood that only his widow survives.

ROBBERS SHOOT VICTIM

Newark, O., Dec. 6.—Arthur Shaw, 19, was confronted by three unknown men in the western part of the city about midnight last night and without a word being spoken the men opened fire with revolvers. One of the bullets penetrated his stomach. He is in a local hospital with no hope for recovery. There is no clue to the gunmen.

ADDRESSES HIGH SCHOOL

OBITUARY

George Brimlow
East Palestine, Dec. 6.—George Brimlow, 83 years old, one of East Palestine's oldest residents, died suddenly Monday at the home of his daughter, Mrs. Rachel Jordan, South Market st. Mr. Brimlow had been a sufferer of asthma for 30 years, and it was following a serious attack that heart failure caused his death. Mr. Brimlow was born July 21, 1839, at Wigham, England. He was united in marriage with Mrs. Mary Ann Lees and 54 years ago they came to this country. Prior to their 25 years' residence in East Palestine the family lived in New Waterford, where Mrs. Brimlow died. For the past 16 years Mr. Brimlow had lived with his daughter, Mrs. Jordan, who, with five other children, William Brimlow and James Brimlow of East Palestine and George Brimlow, Sohring; Mrs. Jennie Henderson, Lisbon, and Thomas Brimlow, West Point, survives.

OFFICERS ARE CHOSEN BY QUAKER CITY BAND

Officers of Quaker City band were elected when that organization gathered at their rooms on Broadway Monday evening. They are: Edward L. Gilson, president; James McNatt, vice president; Raynard Cartholme, secretary; G. W. Chappell, treasurer and manager; John W. Hundertmark, director. George Chappell was also named assistant director and librarian. Clarence Blackburn was appointed drum major.

The band is closing one of the most successful years of its existence. It was organized in 1896 and ranks as one of the best in Eastern Ohio. Success is due to the support and interest of the citizens as well as the efficient work of the musicians.

For Boys and Girls

THE best Christmas present for boys and girls, little ones and bigger ones, is an interest-bearing account in the bank.

Children take pride in having bank accounts and in making them grow by their own efforts. And the bank account teaches them many wise lessons—thrift, prudence, temperance, ambition and steadiness of purpose.

Every child should have a bank account. Could there be a better time than Christmas-time to start one?

\$9.95

All Sizes All Colors
No Alterations

Sale Starts Wednesday at 10:00 A. M.

People of Salem and vicinity will take advantage of this most remarkable dress sale. We know for they have come to know this store by the most unusual values offered whenever a sale is announced. This one, coming right as it does before the holidays cannot help but prove a remarkable success.

Just think of buying a smart clever frock of all-wool serge, tricotine or velour or of excellent quality taffeta, rich satin or wool jersey at this unheard-of low price of \$9.95.

There are some of the prettiest dresses you want to see—dresses that your friends will not believe you paid only \$9.95 for. Try to be among the first ones here.

They are fashioned in straight line models, tunic effects, elongated waistline styles. All attractively trimmed with silk braid, buttons, silk and wool embroidery, beading, etc.

Really most unusual values at \$9.95. Any one of these would make a most appreciative Christmas gift. Why not select one and have it laid away during this big dress event? We doubt if an opportunity like this will come again. Take advantage of it—you will save. Not one of these dresses worth less than \$15.00, and the values are as big as \$20.00 and \$25.00.

A Suggestion for That Better Gift!

Christmas giving is a measure of the giver's regard. To that person that you regard most highly you will give.

STOCKS

New York, Dec. 6.—The stock market showed a generally strong tone at the beginning of business today, good fractional gains being made in most leading issues. U. S. Steel was 1/4 higher and 83 3/4. Baldwin showed a gain of 1/2 at 55 1/2. Mexican Petroleum started 1/4 higher at 112 3/4. Royal Dutch was up 1/4 at 49 1/4. Tobacco Products yielded 1/2 to 59 1/4. Sears-Roebuck showed a loss of one point at 54 1/4. The railroad issues were strong. Great Northern moving up 1/4 to 77. St. Paul stocks showed a better tone, the common advancing nearly one point to 22 1/2.

PRESIDENT PLEADS

(Continued from first page.)

congress to carry out during the coming months of the present session.

The high spots on the president's message were:

First—The imperative need of "elastic and flexible" tariff legislation which would enable the president throughout the federal tariff commission to meet effectively the changing trade and industrial conditions, not only in this country but abroad.

Second—The urgent necessity of a "general policy of transportation, of distributing industry, and on highway constructions, to encourage the spread of our population and to restore the proper balance between city and country."

Third—The strong desire of the administration for further revenue revision and "renewed consideration of our tax program" despite the "inevitable diversion of opinion in seeking the reduction, amelioration and readjustment of the burdens of taxation."

Fourth—The expressed opposition of the administration to the abrogation of certain commercial treaties proposed by the Jones Merchants Maritime act on the grounds that to denounce them would "involve us in a chaos of trade relationship and add indescribably to the confusion of the already disordered commercial work."

Fifth—The expansion of the American merchant marine under the administration plan to be later submitted to congress, which while contemplating no later draft on the public treasury, than is provided by the Jones act, will appeal to the pride and encourage the hope of all the American people in American shipping flying the American flag.

Six—Early enactment of the foreign debt funding bill that the administration may be cloaked with ample authority to deal with the \$11,000,000,000 foreign indebtedness to the United States which is now denied it and which is "hindering readjustment among our debtors and accomplishing nothing for ourselves."

Seven—Systematic encouragement of agriculture by the development of adequate distribution and marketing facilities for agricultural products and the adoption of "co-operative marketing programs" for that purpose.

Eight—The early permutation of a great volume of uneconomic and wasteful transportation and a revision of the existing schemes of adjusting freight rates with adequate legislation to meet the serious railroad problems so vitally affecting the welfare of the American people.

Nine—Recommended a congressional appropriation to purchase food supplies for the starving Russians.

Ten—Subjected the advisability of constitutional amendment to prohibit the issuance of tax free securities.

Eleven—Declared both corporation and labor unions should be regulated and supervised in the interest of public tribunals to settle labor disputes, tribunals to settle labor disputes.

Mail Christmas Packages This Week, Message Pupils Are Urged To Carry Home

In response to a request from Postmaster General Will Hays the following was read Monday in every classroom of Salem public schools: To the boys and girls of the United States:

Christmas is almost here. Your great postoffice department has a big job ahead and needs your help.

Think what it means to be Santa Claus to our 100,000,000 people and to deliver Christmas parcels to every family in this great country within the short space of a few days and without disappointment.

It can be done, and we're going to do it if we may have your help. I want to enlist the active assistance of every boy and girl in the schools of our country in getting parcels mailed this week to relieve the rush that comes directly before Christmas.

Will you go home today and take this message to your parents and friends:

"Our postmaster has asked us to mail our Christmas parcels this week for, unless we do, Uncle Sam's load may be so heavy the last few days before Christmas that he won't be able to deliver all the presents by Christmas eve."

The parcels must be well wrapped and tied and addressed plainly in order that they may arrive in good condition with their Christmas appearance unspoiled. You can put on your packages, "Do not open until Christmas."

And, there must be a number on each parcel and a return address too, for, if there isn't Santa Claus's messenger, your letter carrier, may not be able to find the house where the present belongs.

Every day that you drop a letter in the mail box 40,000,000 other letters are already pushing and jamming through the postal machinery. One letter a day for each family of five persons in the United States is given to Uncle Sam to deliver.

When you send a parcel to the postoffice for mailing any day there are about 8,000,000 other parcels ahead of yours passing through the postal hopper. This is in ordinary days; at Christmas time it is multiplied many times.

One family in about every ten puts a badly addressed letter in the mail every day. This mixes up over 2,000,000 half addressed letters with the 20,000,000 fully addressed letters. That means that the fully addressed letters must wait on the slow moving poorly addressed letters just like the larger boys and girls are delayed by a bunch of "bad kids" tagging along.

You boys and girls can help the postal service and save your father some money, because he has to help pay the cost of searching addresses

on letters and parcels sent out by this one careless and thoughtless family in every ten.

First find out if your family is the careless one, then bear in mind that your letters must be handled by skilled mail distributors standing at postoffices and on swaying postal cars of a mile-a-minute mail trains, often under poor light.

The address on every letter, card, or package must be correct, complete and legible including the house number and name of street, and the

"From" address should be in the upper left-hand corner so that the mail will be returned to you in case it is not delivered. Do not abbreviate names of states, because so many look alike when abbreviated.

Put the proper amount of postage on your letters and wrap your parcels carefully.

Nervousness Is a Thing of the Past

Michigan Lady Tells How Nervousness Quickly Relieved This Trouble and Enabled Her to Enjoy Restful Sleep.

"I was in a nervous run-down condition," said Mrs. Alice Holmes, 716 Reers St., Port Huron, Mich., and she continues, "I would turn and toss about the bed all night. After taking Nerv-Worth for four weeks, my nervousness is all gone, and my sleep is

restful. I am pleased to testify to the merits of Nerv-Worth. Thousands of lives are made miserable by nervous afflictions and the inability to enjoy restful sleep. That Nerv-Worth will overcome these conditions is proved by the thousands of letters written by grateful Nerv-Worth users. Give it a trial, remembering that if you are not pleased after taking your first bottle, your druggist is authorized to refund your money. Sold by all leading druggists everywhere.

After Sickness What You Need is Vinol

Here Is Proof:—Moodus, Conn.—"The 'Flu' left me run-down with a weak heart and stomach, so I would often have sinking spells, and it was hard for me to keep around and do my housework. No matter what I took I did not seem to gain, but one day I read about Vinol in a paper and decided to try it. I soon felt better, and it has built me up so fast that I can truly say it is the finest remedy known. It has proved 'worth its weight in gold' to me, as it has restored my health so quickly."—Mrs. Wm. H. LYMAN, Moodus, Conn.

My Nerves Were Completely Shattered—I Was Weak

Wornout and "All In"; My Business Was Ruined; I Was a Failure in Life; All as a Result of Exhausted Nerve Force

How you may quickly help put new nerve force into wornout exhausted nerve cells, and remarkably increase your strength, power and endurance, often in two weeks time.

For sometime I had noticed that I was quite nervous and often annoyed very much by trifles. When I was in an irritable mood at home, my wife would occasionally say that this was a sign of age, and this would irritate me still more. I knew I was under constant nervous strain, but I never thought that a vigorous man like I was, could go all to pieces because of a physical and mental weakness. But one day this just what happened to me, and very suddenly at that. Nature had given me such warning symptoms as a dull aching pain in the lower back part of my head, and sometimes a sense of fullness in the front of my head. Often I was restless and could not sleep well at night, and I noticed that I could get tired very quickly, but my principal warning symptom was nervous irritability and if I had given attention to it at the right time, I might have saved myself untold misery and thousands of dollars because after my nervous breakdown came about, I still tried to go on with my business, and thereby lost nearly everything I had. I found out that exhausted nerve force not only ruins a man physically but mentally as well.

The above is a hypothetical case, which a physician says may well illustrate thousands of cases today. Homes are wrecked, children ruined; all through exhausted nerve force or neurasthenic conditions.

Very few people realize the awful suffering and terrible physical and mental tortures which may be caused by a depletion of the nervous fluid.

In such cases it is often worse than foolish to take mere stimulating medicines or narcotic drugs, which only whip up your fading vital powers for the moment, may be at the expense

Freezing Weather Cannot Stop Buick Oil Circulation

Oil pumps in automobiles, sometimes freeze up in very cold weather.

The Buick oil pumps is so designed that, should the pump gears be held immovable through freezing, the shaft revolves within the gear. The heat thus generated thaws out the frozen parts, restoring gear action and oil flow to normal.

Only on a Buick will you find this feature.

JOIN IT TODAY-- "The Happiness Club"

President Harding started the Happiness Club idea when he ordered a florist to send his mother flowers once a week regularly.

Just think how many you can make happy with a floral remembrance regularly delivered to them. Some members use the rotating plan, so that flowers are sent to two or three different people once a week or once a month or at certain times picked out before hand.

Come in and talk it over with us. You will be surprised how much happiness you can furnish others for just a few dollars.

Gay Skipping Ropes

A skipping rope is a joy to the sturdy little outdoor girl, especially when it has Nannette and Rintintin handles. They are painted a deep pink with faces, hair, neckties and buttons of black paint. By substituting clothespins for these handles and tacking the rope to them it is easy to make this treasure of childhood at home.

FIND BODY IN RIVER

Portsmouth, Dec. 6. — Although police and county officials have conducted a searching inquiry no clue has developed to the identity of a man apparently about 50 years of age whose body was found in a creek four miles west of here yesterday. His throat was cut from ear to ear and his body partially submerged in the waters of the creek.

GREENHOUSE MEN GROW DARK LETTUCE STRAIN

How greenhouse men of the state are benefited by the selection of the improved varieties of lettuce at the Ohio Experiment station is shown in the results secured from the famous dark strain of Grand Rapids lettuce. More than a decade of years ago, Charles Laper, a gardener at the station, began to select lettuce plants from the seed of one dark plant that appeared in a bed of sprightly Grand Rapids lettuce.

This one plant formed the foundation for a new strain which thrives abundantly during dark, cloudy weather, and produces a heavier growth than the original Grand Rapids variety.

The dark strain is now being used extensively by greenhouse men in the state. Seed of the dark strain is now being produced in California where climatic conditions make it easier to grow seed than in Ohio. The dark dark strain is also finding favor in the California lettuce growing district.

Anyone who knows how to handle a paint brush and oil colors or understands the new art of painting with colored sealing wax can make the book for telephone numbers pictured here. It is merely a piece of black oilcloth folded over leaves of white paper. Small holes punched through at each end allow a black silk cord to bind the book and provide for hanging it up at the same time.

A powder box and a rouge box shown below it are covered with black lacquer and decorated with colored sealing wax that simulates ribbon and flowers.

Library Records For Circulation Of Books Broken

The record for circulation of books and magazines was broken in the month of November at the Salem Public Library, the total being 6638, the largest for any one month in the history of the library.

The largest previous month was in March, 1921, with a total of 6376, the next largest, March, 1915, being 6233.

The daily circulation for November was unusually large, as there were only 24 days the library was open, since there are only 30 days in the month, and there were two holidays, Armistice day and Thanksgiving. This made the daily average a fraction over 276.

The children are taking out many more non-fiction than the adults, the children's average being almost one-half as many non-fiction as fiction, while the adult's is a little over one-fifth.

Dr. Carey's Medic Yeast Tablets Surpass All Beauty Secrets

Eruption of the Skin and Body Vanish--Build Firm,
Lasting, Staythere Flesh and Tissue--Strengthen
Nervous System and Increase Vitality and Energy

Do you want to rapidly improve your complexion; add some good solid tissue and flesh to your bones; increase your energy, vitality and endurance; so that you will feel and look one hundred percent better? If so, simply start taking after each meal two of DR. CAREY'S MEDIC-YEAST TABLETS made from dried yeast and other essential but perfectly harmless ingredients containing

the three absolutely necessary to life vitamins (Water soluble B and C and Fat soluble A) and in which DR. CAREY'S TABLETS are supremely rich. These tablets now being used by thousands are highly concentrated. They will not upset the most delicate stomach, and cause gas, but will aid indigestion, and constipation and act as a general tonic to the system and blood making you full of lasting vigor, zest and endurance.

Pimples and body skin eruptions leave you forever under their purifying influence. Your complexion will astonish you with its clearness and your cheeks will become rosy and beautiful instead of pale and wan, the eyes sparkling and bright like that of young boys.

So quick and astonishing are the results that success is positively guaranteed by Dr. Carey or the trial costs you nothing.

Write down the name and get the original and genuine DR. CAREY'S MEDIC-YEAST TABLETS at such good druggists as The J. H. Lease Drug Co., Flooding Pharmacy and Bolger & French.

Matthews Tells Boy Scouts About Mound Builders

Troop 1, Boy Scouts, in a brief business session Monday evening took favorable action on the request of public health officials that all Boy and Girl Scout Troops take part in a parade Saturday evening to boost the sale of Christmas seals.

Final preparations were made relative to the Scout demonstration to be put on at Perry grange Wednesday evening, by this troop.

The interest shown by the Rotary club in boys' organizations and activities has aroused the individual interest of a number of men who have offered to address and instruct the boys in several lines relative to the broad scouting program.

Rotarian W. H. Matthews opened the series with a comprehensive description of the facts and earthworks erected by the Mound builders, describing also so far as known the life and habits of the people.

A map of Ohio was used in pointing out the location of the many mounds in this state as well as a brief description of several glacial actions and formations.

This feature adds much to the interest manifested by scouts in their cross country hikes in quest of his torical and geological knowledge.

San Francisco — Robert Hastings, 29, aerial stunt performer and former government aviator, fell 1,000 feet to death, when he failed to grasp the strap on his parachute.

SULPHUR CLEARS UP ROUGH OR RED SKIN

Face, Neck and Arms Easily Made
Smooth, Says Specialist

Any breaking out of the skin, even flery, itching eczema, can be quickly overcome by applying a little Menthosulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heat eruptions such as rash, pimples and ring worm.

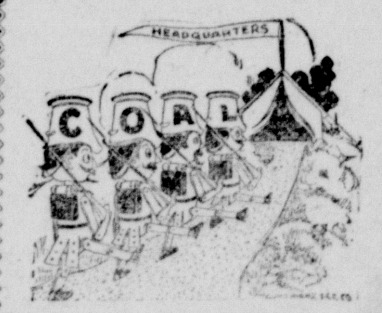

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Menthosulphur from any good druggist and use it like cold cream.

WASHINGTON NOW WORLD'S CAPITAL

SEEMINGLY, ALL THE PEOPLES
OF THE EARTH HAVE THEIR
REPRESENTATIVES HERE.

LODGINGS ARE HARD TO FIND

Picturesque Garb, Strange Uniforms
and Many Foreign Tongues Make the
City Interesting — Chinese Prove
Themselves Clever Linguists.

By EDWARD B. CLARK.

Washington.—Washington now is in the largest sense the capital city of the world. In truth, Washington has been the cosmopolitan center of things ever since the World War began. Certainly the eyes of all the peoples of the earth are on this Potomac town today.

Washington residents do not know their city. It is changed in the proverbial twinkling of an eye from an overgrown country village to a place restless with movement and crowded with activities. Is Washington ever to return to normalcy? Perhaps so, and perhaps not; but there are those in this town who hope that such may be the case.

Once on a time, and a time not so long ago, one at certain seasons could go into the lobby of the greatest hotel in this city and find, say, two or three semi-disconsolate strangers, who were wondering how they happened to land in a desert. There were seasons of the year not long ago when the hotels in this town shut off from use whole floors of their buildings and discharged fully one-half the members of their staff of employees.

Does anything of that kind happen in Washington today? It does not, and the condition, while not in the remote past, already is forgotten. A visitor to this town is lucky today if he can find a place to lay his head, and luckier if he is not compelled to scowl at the charge for his bed and board, which he finds set down upon the bill which is presented to him.

Washington hotel men, boarding house women and apartment house owners are not called upon frequently to speed the parting guest. Everyone hangs on to what he has in the way of a habitation, and counts himself fortunate if the roof does not leak and there is not an all-night jazz band doing business next door.

Peoples of the World There.

This is a picturesque place today, and in a way, to American eyes, it is a sort of a grotesque place. The East and the West and the middle lands have met here. One sees strange civilian garb and strange uniforms. Men and women, however, seem to be pretty near alike the world over, in a human nature way, for the visitors from here, there and the other place are pleasant-spoken folk, genial-faced and as grateful for courtesies as cats for cream.

Are the peoples of the world here? Go for your answer into any one of ten hotels. You will hear French as the dominant language in one, Japanese in another, Italian in another, Slovak in another, and other languages in others. The Washington monument, albeit it is a completed structure, might well stand today for the Tower of Babel.

Interpreters are here in considerable numbers. The trouble with some few of the interpreters is they do not know how to "interp." Some of them learned their English in the schools of their native land, and as there is a vast difference between a school-taught language and a community-taught language, the difficulties of some of the interpreters may be understood. They are willing gentlemen, but there are frequent Americanisms which are beyond the scope of their understandings and beyond the trick of their tongues.

Chinese Know "American" Tongue.

The Chinese always have been noted as good copiers. It is said that their artisans can reproduce anything on earth, when once it is presented to them for study. The old school-book story of the English sailor who took his patched trousers to a Chinese tailor and asked him to make him a new pair, is of course familiar. The Chinese tailor reproduced the trousers, patches and all.

So it is, perhaps, with English. The student Chinese seem to be able to reproduce the English language more perfectly than it lies within the power of the European to do. The Chinese who are here know American slang as they know the language of the American savant. They can talk "East side" or "Harvard" at will. They are a wonderful lot.

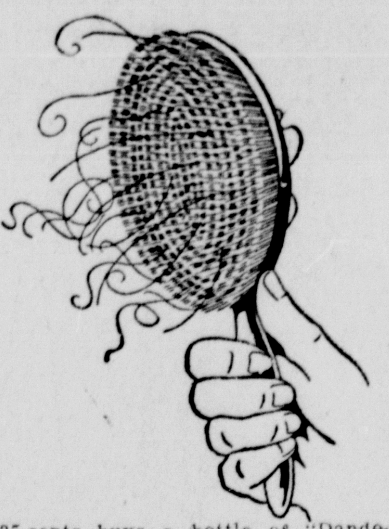

English and French are the languages of the conference. It is lucky that French was included, for one or two of the great Frenchmen who are here do not know "Yes" or "No" in English. Of course, all the proceedings of the conference eventually will be translated into almost every tongue on earth, but first they will go into English and then into French. It is said that the diplomacy of this conference will not be that kind of diplomacy which uses language to conceal thoughts.

Washington was an exceedingly somber place, as it should have been, on Armistice day. Then there was a reawakening of spirit. The method of all armies of the world prevailed. After solemnity there must be an uplifted heart for new duties.

Persons who want anything know that The News is the Want Medium in this territory. So read it.

Grafton — Grafton has the tallest building in Lorain county, the elevator of the Bennett Milling company being six feet taller than the Lorain county bank, a ten-story building, at Elyria.

HERE'S GOOD NEWS, KIDS!

Say Good-Bye to Nasty Medicines and Use Nash's Salve For Coughs and Colds

Boys and girls, you don't have to take nasty medicines now for a cold. Tell mamma that you want to use the new humane treatment that does not make little folks sick. Tell her to read this carefully:

Get from the drug store a bottle of Nash's Croup/Pneumonia Salve—the genuine Nash's—"that stronger kind"—follow the simple directions and relieve the colds of children or adults in a few minutes.

No nasty medicines, no cathartics.

MERCHANTS WARNED OF FIRE HAZARDS IN THE HOLIDAY SEASON

Columbus, Dec. 6.—State Fire Marshal H. A. Dykeman today issued the following suggestions to merchants on the hazards of the holiday season.

Be sure the aisles are unobstructed remembering always that a holiday crowd is necessarily keyed up to a nervous tension and it takes little to start a panic.

Be careful that all electrical wiring is safe and that no combustible material rests against electric light bulbs or is hung over wires.

Drill the employees so that in case of an alarm, all exits not cut off by fire, would be available to your patrons without the lines "milling" or conflicting.

Keep all holly, pine and other decorations away from globes or lights. As soon as the green begins to get dry, have it removed and hauled away.

Look out for smokers and do not allow matches to be lighted in a crowd.

At night, be sure that all material used in packing is safe in metal bins with tight covers.

Remove all surplus paper, bits or string, excelsior, etc., from basement and packing room twice a day, if possible.

Do not block windows for the fire men may have to get in that way.

Keep the place well lighted. A watchman would be a good investment for the holidays, for several reasons.

Warn your patrons that all toilet

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn or corn between the toes, and the calluses, without soreness or irritation.

goods made of celluloid should be kept away from heat or flames.

Make it a point to sell only non-inflammable decorations.

Do not have too much inflammable stuff out on the counters at one time.

"I am not scolding," says Marshal Dykeman, "but simply throwing out a few precautionary suggestions. Merchants do not want fires or panics. Neither do we."

HOMEWORTH

Another carload of slag arrived in Homeworth Saturday.

The second number of the Lyceum course was given in the opera house Saturday evening Dec. 3. Miss Emma Dee Randle gave a pleasing program.

E. L. Thomas and family were in Canton Tuesday.

Mr. and Mrs. G. W. Pelgar and two daughters, Mildred and Bernice of Bolton were the guests of J. B. Mat tie and family Sunday.

A new piano was placed in the high school room last week.

Mrs. Pheobe Unkfer, 85, a former

well known Homeworth resident, died in Cleveland a few days ago.

Mr. and Mrs. Samuel Mangus returned home from Alliance Sunday evening.

Miss Belle Harper is ill at the home of a relative.

L. E. Patterson visited his grandson, Karl Patterson, last week at Moultrie where he is lying very ill.

The Homeworth high school will present the famous drama, "The sisterhood of Bridget," in Heffner's hall next Saturday evening, Dec. 10.

Charles Garman of Bellaire was in this vicinity over Sunday.

Harold Emmons is busy butchering these days.

The social was highly enjoyed Friday evening.

Miss Marguerite Herren has returned to Cleveland.

J. H. Fe'gar offers his home in town for sale.

Mrs. Margaret Weaver is not improved. Her recovery is not expected.

STATION WILL ASSIST OHIO TOMATO GROWER

To assist commercial growers of tomatoes, specialists of the Ohio Experiment station will discuss methods of control of disease and insect attacks that hinder production, at the Ohio Cannery's association meeting, to be held at Cincinnati, Dec. 13 and 14.

Officials of the cannery association point out that disease has wrought heavy losses among tomato growers, so that only from 5 to 10 tons of tomatoes per acre are grown annually because of disease attacks, when it has been possible under tests to grow from 16 to 25 tons.

Growers are beginning to state that unless it will be possible to control the diseases to some extent, the tomato crop will be cut seriously in production next year.

NEW YORK MAN LAUDS THIS WONDER CAPSULE

Jacques' Little Wonder Capsules Relieved Obstinate Intestinal Indigestion

L. H. Phillips, of 268 West 128th street, New York city, is one of the hundreds who heartily praise Jacques' Little Wonder Capsules. He recently wrote: "I have been afflicted for many years with an obstinate case of intestinal indigestion and constipation for which I have used many remedies with little benefit. A friend suggested the use of Jacques' Little Wonder Capsules and I take pleasure in certifying that they have been beneficial from the very start, and I heartily recommend them to others similarly afflicted."

This is but one of many testimonials coming from those eager to do their part toward spreading the knowledge of the relief they have experienced. Jacques' Little Wonder Capsules are guaranteed to give satisfying relief in dyspepsia, flatulence, gas on the stomach, indigestion and

constipation or money will be refunded. They enable you to eat what you like and enjoy it to the full without discomfort.

Jacques' Little Wonder Capsules contain a number of reliable, standard medicines, acknowledged to be valuable in treating gastric and intestinal disturbances. Just one or two of the capsules and a swallow of water after each meal will aid in digesting your food properly without any disturbing effects. They will also improve your appetite, making the foods necessary to health appeal to your taste. If you have chronic dyspepsia, continue taking the capsules and they will tone up your stomach and assist in restoring health.

On sale by J. H. Lease Drug Co., Main st. and Lincoln ave; Bolger & French, Main st. and Broadway; Flogging's drug store, Salem, Ohio, or 60 cents by mail postpaid for 12 days supply from Jacques Capsule Co., Plattsburg, N. Y.

Coming Events Cast Their Shadows Before!

It is our opinion that the opportunity to buy standard listed stocks at present bargain prices is rapidly drawing to an end. At this time it is not considered likely that the low prices of October 19 will be reached in any reaction that may come before the major upward movement begins. Recent developments tending to confirm this opinion are:

1. Call money has been down to 4 1/4% and shows every indication of going lower.
2. Federal Reserve discount rates were reduced 1/4% Nov. 7, making the fifth such reduction in 6 months—and bringing the New York rate down from 7% in May to 4 1/4% in November.
3. Last issue of U. S. Treasury Certificates bearing interest at 4 1/4%, (as compared to 5 1/4% for the preceding issue), four times over subscribed.
4. A sudden dearth of new high-grade bond issues bearing 6% to 8% coupons, as evidenced by the fact that a \$50,000,000 6% bond issue of the New York Telephone Co. was ten times over-subscribed.
5. Strong rise in the price of all good bonds, suggesting that yields will be substantially lower in the near future.
6. Universal reports of improved business, including the Steel Corporation's September report of unfilled tonnage, the fact that more than a billion dollars has been added to the market value of U. S. War Bonds during 1921, and nearly half a billion to the market value of the existing supply of cotton.

These developments all indicate money and credit are in plentiful supply, that bonds are in the process of becoming less attractive as investments, and that standard stocks are becoming more attractive. As bond prices rise and yields become less, the funds seeking investment in good listed stocks will steadily increase, because many standard dividend-paying stocks are now selling at prices that offer yields of from 15% to 30% on equities, after paying interest on brokers' loans.

Coming events have already made themselves felt in the strength of the market which now gives evidence of strong accumulation in certain issues. To those who study the Stock Market it is only necessary to say that, in our opinion, the opportunities to make substantial profits by purchasing on all reactions during the next two or three weeks will be as great as the similar opportunities that were presented in the years 1907, 1914 and 1918.

To those who wish to take advantage of them, we are in position to loan up to 75% of the value of their purchases, or to accept suitable securities as additional collateral in lieu of cash.
